Upgrade from 50mm ear cushions to **EC-12 70mm** ear cushions for ultimate comfort

Upgrade your JPL headset by adding the **NEW 'EC-12' 70mm** ear cushion

EC-12

The NEW 'EC-12' 70mm ear cushion fits simply onto our JPL-601, JPL-602, JPL-603, JPL-604, JPL-606, JPL-607 and JPL-611 headsets, surrounding your ear with the large cushion to allow you to concentrate on the call and not be distracted by conversations around you. Once you have removed the existing ear cushion, the NEW 'EC-12' 70mm ear cushion simply clips onto the speaker holder.
